

Make Music Part Of Your Competitive Edge

Make Music Personal

Manage your branded background music for each location, by zone, treatment, classes and even by client.

- Melody Pods combines beautiful background music with a complete service costing less than traditional licensing.
- We have music playlists ready to go for a range of relaxing music styles to meet your brand and your client's music tastes, all with no extra location licenses to pay.
- With access to a vast library we can provide the right music for you without making the choosing and updating music costly on time.

Key Features:

- Centrally control the distribution of your music collections across all your locations to ensure sound branding consistency.
- Define the genre mood, set by zone and even by client to increase customer satisfaction. Make music more personal.
- Browse & download music with monthly updates or choose yourself what to download and when to update.
- Feature-rich smartphone & tablet apps designed for business background use.
- No satellite or streaming means no silences when atmospherics are stormy or networks are congested, your music always plays and stays local.
- Cost savings within a year with no specialist network hardware players or additional licenses.
- Re-brand and offer your music choice to your clients and extend your brand's time with customers.

Now there is a better way to serve up music for business that cuts your costs and can grow your sales.

Our music library covers all commercial needs.

From meditation music, relaxing spa, chill-out, classical, down-tempo, to upbeat, pop, indie, rock and festive to match your treatment rooms, dining zones, retail zones and your welcome reception zones.

Melody Pods brings you the opportunity for innovation in music ambience that can strengthen your competitive edge.

Choose the music you need for your brand and all your clients.

Alternatively work with us to define your own branded sound.

Forget the complexities of multi-channel receivers, login to your location account with as many devices as you need.

Play chillout in your reception and give your clients the choice of something more personal to relax to in your treatment rooms.
