We have no file size limit. You can give this download link to your friends by mail or instant messenger. Our service is completely free for everyone. File isfree to use with no gotchas and no hidden fees. If only we could, we surely would! On the other hand, using file can actually save you money. Any file in anyformat can be uploaded and downloaded for free. Simply upload your file and share the link. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You don'tneed any special software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. Unfortunately, we can't make that part free. You decide who youwant to share your files with. There are no restrictions on the number of times a file can be downloaded. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money indata storage fees. Files can be downloaded from any computer from our high speed servers. Keep your files private, or send your download links only to friendsor family. When you as file, you avoid storing the file you're sending in your cloud storage or mail server. Just upload the file you want to share with yourfriends and we send you a download link to your file. It is also allowed to link to the download page from websites and communities. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. filehosting provides an easy possibility for you to send large files to your friends. Noaccount or credit card is required to get started. So try our free and simple filehosting service now. Alternatively you can choose to share your downloa
